Nicolaou sentenced to life term, no hope of parole or probation

By BRENDA HEATHCOCK

After almost six hours of deliberation Friday in the capital murder trial of Allen Nicolaou, the jury told the court it was unable to reach an unanimous decision on the sentence.

The sentencing phase of the trial began late Friday afternoon after the jury returned a verdict finding Nicolaou guilty of capital murder.

The jury members stated they were unable to agree on a sentence for Nicolaou. According to the capital murder verdict reached, the jury's choices of sentences included life imprisonment or the death penalty.

Following dismissal of the jury, Circuit Judge Ruble Griffin told Nicolaou with the jury unable to reach a verdict, state law mandates a life sentence be imposed by the judge.

"I had no control over what I did because of the emotional conflict that was in myself," were Nicolaou's final words before the sentencing.

Found guilty of the capital murder of his cellmate Charles Allen Poole in the Hancock County Jail, Nicolaou was sentenced to life imprisonment in the Mississippi State Penitentiary with "no hope for parole or probation" by Judge Griffin.

Trial proceedings began Monday, Oct. 28 with the impaneling of five 12-member juries.

Jury selection began Wednesday after being delayed one day because of the weather.

All 12 members of jury No. 1 admitted to have heard something about the case and some also said they had preconceived notions about the incident.

Selection of the jury was not completed until almost 5 p.m. due to the extensive questioning by the attorneys.

Assistant district attorneys J. P. Compretta of Bay St. Louis and Gray Burdick of Gulfport represented the state in the trial.

Public Defender William Frisbee and co-counsel James Tucker, both of Bay St. Louis, served as defense attorneys.

PROSECUTION

The first witness called by the prosecution was Michael Anderson, Hancock County sheriff's deputy.

Anderson, who was working at the jail when the incident occurred Oct. 27, 1984, testified that after receiving reports of altercations between Nicolaou and Poole, he had instructed Trusty Larry Williams to tell Nicolaou and Poole to not fuss with each other.

Nathaniel Jones, a prisoner in the jail at the time of the murder, testified that he had seen Nicolaou and Poole "fighting all day long."

Jones also testified that he had seen Nicolaou tie up Poole several times during the day but that the defendant would untie his cellmate "when anybody would come in the jail and for meals."

He also told the court Nicolaou had choked, kicked and "thrown licks" at Poole many times while he was tied to the lower bunk in the cell.

Jones said he used a mirror held outside his cell to observe everything that was going on in the Nicolaou/Poole cell.

Describing Poole as a "timid and shy guy," Jones said he was not a bully or a fighter.

"That boy was scared," Jones added.

Jones also said that he had never seen Poole tie up Nicolaou or do anything but defend himself.

State's witnesses Alvin Ladner, Hancock County Sheriff's Department investigator, and T. P. Naylor, investigator for the Mississippi State Highway Patrol, testified to taking pictures and gathering evidence at the crime scene.

Included in the photos were pictures of the body showing marks caused by being tied up, photographs showing blood on the wall beside the bottom bunk and overall photographs of the cell.

Waveland Police Officer John Wilkerson who arrived at the jail just after the incident occurred, testified he had been one of the first officers on the scene and had unlocked the cell door to remove Nicolaou and check on Poole.

Wilkerson also escorted Nicolaou downstairs to another cell.

During this transfer Wilkerson said Nicolaou told him that Poole "wouldn't stop messing with me."

Wilkerson testified that Nicolaou had asked if Poole was "really dead" and had said "I couldn't help

myself.

Pathologist J. D. Rutherford described to the court his findings after examining Poole's body.

He reported extensive findings in the larynx area of Poole including a large bruise all around the vocal cords which were nearly closed.

Rutherford added that the trachea and the bronchial tubes both contained large amounts of blood and that he had drowned to death on his own blood.

Based on these facts, Rutherford stated that in his expert opinion Poole's death was by asphyxiation.

Rutherford reported the blood which blocked Poole's airway passages could have come from a crushed nose, which at times will bleed profusely.

He also testified to indentations on the feet, hands and neck of Poole.

Rutherford said cuts on the neck were the deepest and the freshest. These cuts appeared to have been caused by a cord or movement of a cord tight across Poole's neck, he said.

DEFENSE

Former Hancock Sheriff's Deputy Harold Heine testified that he had seen fighting in the Poole/Nicolaou cell and that Nicolaou had asked him to separate them.

Heine quoted Nicolaou as saying "I can't keep Poole off me, he keeps getting in bed with me."

Mississippi State Penitentiary inmate Elvin DeGraw testified that Nicolaou did not want Poole to be put in the cell with him.

He also testified to seeing Poole tied up and telling Nicolaou to untie

Poole because his hands were "changing color."

Nicolaou also took the stand in his own defense.

Although Nicolaou testified that the events that happened from sunset until after 10 p.m. were "not in my memory" he did give details of various things that had happened earlier that day.

He said he was sleeping when Poole was brought in the cell but that he was awakened by Poole "rummaging through my personal property."

Nicolaou said he had previously told Jailer George Burleson he would tie Poole down if necessary to keep him out of his personal things.

He admitted to tying Poole up several times but letting him go for meals, to use the facilities and to smoke a cigarette.

Bay mayor to close Central

By BRENDA HEATHCOCK

Effective Monday, Nov. 4, a section of Central Avenue will be closed to traffic, Mayor Victor Frankiewicz Jr. reported Friday.

"Areas of the street cannot be maintained any longer," he said.

The city crews can not keep up with how fast the potholes appear, Frankiewicz said.

The street will be closed from Waveland City Limits to the Garden of Memories Cemetery.

"Closing this area will cut out the through traffic and we can concentrate our maintenance efforts in other areas," he said.

Frankiewicz said the signs declaring the road closed would be posted Monday by city crews.

Group told how unit system would save taxpayers money

By ELLIS CUEVAS

The cost savings to taxpayers by county boards of supervisors operating under a 'county unit system' were outlined by Billy McDonald and James Lund in addresses to Diamondhead's Community Association members Friday night.

McDonald is Harrison County District Three supervisor and also serves as first vice-president of the Mississippi Association of County Supervisors.

Lund is the editorial page editor of the Sun-Herald in Biloxi.

McDonald said he has been an advocate of the 'county unit system' since 1978. His district borders Hancock County.

"I have made a motion several times for Harrison to operate under the 'county unit system' and have been seconded by former supervisor Leroy Urie, who is now mayor of the City of Gulfport. And the motions have been defeated by a 3-2 vote," McDonald stated.

The speakers noted only 12 of Mississippi's 82 counties operate under the unit system.

Lund reported he has editorialized for many years on a county unit system, yet the counties in which his newspaper circulates still operate under the old system.

The two speakers explained how the current system currently works with a county being governed by a five-member board of supervisors

who are directly responsible for their own district or beat.

Each supervisor has the responsibility of hiring of his own district's employees and purchasing of equipment.

This leads to duplication in the purchase of much equipment.

"In Harrison County there would not be a need to purchase any more equipment, if all were pooled in a unit system, McDonald allowed.

The supervisor said Harrison now operates under about a 50 percent unit system, adding, "Under a unit system we could save \$1 million a year on purchasing."

John Mason, chamber president, said Gustin will become senior sales representative for the new Quality Inn at Diamondhead.

County to appeal to FEMA again in Juan aftermath

BY DENA BISNETTE

Hancock County officials plan to ask the Federal Emergency Management Agency for \$177,250 to repair damage left by Hurricane Juan.

Hancock County Civil Defense Robert Boudin said Friday afternoon that preliminary damage assessments have been compiled and sent to Jackson for forwarding to FEMA.

Damage to private property included destruction of 10 mobile homes and one business; major damage to 60 homes; 100 mobile homes and four businesses, and minor damage to 50 homes and two businesses.

The total damage amount for private property in the assessment is \$550,000, with an average of 50 percent insurance coverage.

Agricultural damage included destruction of 70 percent to 80 percent of the county's soybean crop. No damage to farm buildings, equipment or livestock was included in the assessment.

Damage to public property was estimated at \$100,000 for clearance of 25,000 cubic yards of debris at the standard FEMA rate of \$4 per cubic yard, \$50,000 in damage to Beach Road, \$3,000 in damage to water control facilities, \$750 for damage to public utilities, and \$23,500 for private non-profit facilities.

The private non-profit facilities are all piers. Damage to the American Legion Veterans

Memorial Pier and the roadway on it was estimated at \$10,000, while damage to the Dunbar Avenue Pier in Cedar Point was listed as \$1,200. Damages to the Ulman Avenue Pier, which was being repaired after Hurricane Elena, was listed as \$1,500.

FEMA inspectors were scheduled to visit the county Saturday to survey the damage with members of the board of supervisors and Civil Defense representatives, Boudin said.

panies in addition to many volunteer units."

In answering questions from the audience as to how a county could change to a unit system, the duo stressed that all it would take is a vote for a change by the county board of supervisors.

Both emphasized the supervisors need to be encouraged by the public to make the change to the unit system.

Have you ever considered making funeral arrangements in advance?

Mike Riemann, Vice-Pres.

It's so easy to avoid thinking about making funeral arrangements in advance. But, there comes a time when you have no choice... a time when the past will seem more important than the present.

Those who have made funeral arrangements in advance of need have told us that there is a sense of accomplishment and quiet reassurance that comes with the

knowledge you have taken care of these matters of concern so that your family will be spared the burden in the future. The reasons are simple... these decisions are more easily and comfortably made because they are arranged thoughtfully in advance of need. That is why more families are sharing this future responsibility now... when they are not alone.

Planning ahead just makes good sense.

Chamber accepting resumes

Clarice Gustin, executive director of the Hancock County Chamber of Commerce, resigned from the position Friday.

She submitted her resignation to the organization's board of directors at its regular October meeting.

John Mason, chamber president, said Gustin will become senior sales representative for the new Quality Inn at Diamondhead.

Mason said no replacements for the executive director's position have yet been considered.

Gustin, in her letter of resignation, states she has "enjoyed being a part of the Chamber and its activities...and feels progress has been made in developing an awareness of the chamber's function throughout Hancock County."

"It has been a pleasure working for the chamber's board of directors," she writes.

"The chamber regrets seeing Mrs. Gustin leave this position," said Mason. "We feel she has done an excellent job in promoting Hancock County in a first-class manner."

County to appeal to FEMA again in Juan aftermath

BY DENA BISNETTE
 Hancock County officials plan to ask the Federal Emergency Management Agency for \$177,250 to repair damage left by Hurricane Juan.

Hancock County Civil Defense Robert Boudin said Friday afternoon that preliminary damage assessments have been compiled and sent to Jackson for forwarding to FEMA.

Damage to private property included destruction of 10 mobile homes and one business; major damage to 60 homes; 100 mobile homes and four businesses, and minor damage to 50 homes and two businesses.

The total damage amount for private property in the assessment is \$550,000, with an average of 50 percent insurance coverage.

Agricultural damage includes destruction of 70 percent to 80 percent of the county's soybean crop. No damage to farm buildings, equipment or livestock was included in the assessment.

Damage to public property was estimated at \$100,000 for clearance of 25,000 cubic yards of debris at the standard FEMA rate of \$4 per cubic yard, \$50,000 in damage to Beach Road, \$3,000 in damage to water control facilities, \$750 for damage to public utilities, and \$23,500 for private non-profit facilities.

The private non-profit facilities are all piers. Damage to the American Legion Veterans

Memorial Pier and the roadway on it was estimated at \$10,000, while damage to the Dunbar Avenue Pier in Cedar Point was listed as \$1,200. Damages to the Uman Avenue Pier, which was being repaired after Hurricane Elena, was listed as \$1,500.

FEMA inspectors were scheduled to visit the county Saturday to survey the damage with members of the board of supervisors and Civil Defense representatives, Boudin said.

panies in addition to many volunteer units."

In answering questions from the audience as to how a county could change to a unit system, the duo stressed that all it would take is a vote for a change by the county board of supervisors.

Both emphasized the supervisors need to be encouraged by the public to make the change to the unit system.

Have you ever considered making funeral arrangements in advance?

Mike Riemann, Vice-Pres.

It's so easy to avoid thinking about making funeral arrangements in advance. But, there comes a time when you have no choice... a time when the past will seem more important than the present.

Those who have made funeral arrangements in advance of need have told us that there is a sense of accomplishment and quiet reassurance that comes with the knowledge you have taken care of these matters of concern so that your family will be spared the burden in the future. The reasons are simple... these decisions are more easily and comfortably made because they are arranged thoughtfully in advance of need. That is why more families are sharing this future responsibility now... when they are not alone.

Planning ahead just makes good sense.

Time and time again, we notice motorists who disregard barricades while work is being done in the county or cities on our roads.

The recent hurricane left a lot of debris on our roads, especially Beach Boulevard.

County crews have been busy trying to remove the debris and having to worry about motorists at the same times. This causes roads to be closed for a longer period.

Whenever repairs cause the closing of the section of a road, motorists appear to use the area more than when nothing unusual is happening.

I wish Clarice Gustin well at her new position with Quality Inns which she assumes on Monday.

Clarice has done a fine job as executive director of the Hancock County Chamber of Commerce for the past several years.

She will remain in an advisory position with the chamber through the end of this month.

It has been a pleasure to work with Clarice at the chamber on many projects, and also serve on other agencies with her.

Many things have been done at the chamber under her leadership as executive director, and our county will continue to benefit from her efforts for many years to come.

I know she will continue to promote Hancock County in her new position, and we wish her the best of luck.

The Diamondhead Little Theatre will present Romantic Comedy written by Bernard Slade, and directed by Nan Ehrbright on Wednesday, Thursday, and Friday.

The event will be at the Diamondhead Country Club and reservations are necessary as seating is limited.

We understand some of the biggest 'big time' actors and actresses of Hancock County have been selected for roles in this play.

Ticket information may be obtained by calling 255-1814.

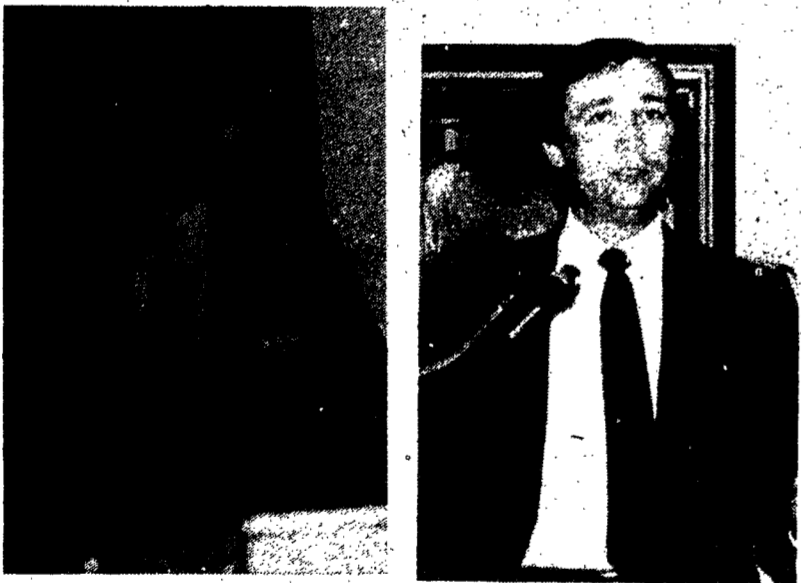

The bursting of sunlight on Friday morning was a joy to many residents.

The combination of sunshine and northwest winds really helped in drying up the area.

Many residents now face the task of cleaning and repairing the damages caused by Hurricane Juan.

We spoke to one resident late Friday who still had about 15 inches of water in his home.

It is going to take a while, it appears, to dry many areas.

ADDRESSES ROTARY—Hancock County Sheriff Ronnie Peterson, left, and Investigator Alvin Ladner addressed the Bay St. Louis Rotary Club Wednesday on law enforcement in the county. The duo told of severe problems being caused by drugs, and the department's efforts to control the situation. Peterson told how the confiscation of cash and equipment has helped in providing vehicles for the sheriff's department. Ladner mentioned several large 'busts' made in the county, and the efforts it took to do so. (Staff photos by Ellis Cuevas).

Animal torture, slaughter on Waveland beachfront a horror story

To the Editor
The Sea Coast Echo

I live on the beachfront in Waveland. As a result of Hurricane Juan there were large numbers of raccoons, nutrias, muskrats and marsh hens blown from the Louisiana marsh and near islands on beds of reed, grass and debris.

Being disoriented, very weakened and scared, they huddled close to the grass and reeds they had been blown in on onto the beach.

Many were still clinging to boards and anything afloat in the water.

The sight was awful to see so many different animals in one place, but moreover it was saddening.

Little did they know that the fate they had to face now would be far worse than what they had just been through.

Being stressed and weakened you could walk right up to most of them. They were at the mercy of anybody or anything.

Soon groups of spectators began arriving, but all had not come just to look.

There were some people, if you can call them that, taking washed up boards and smashing a lot of the animals in the head, poking them with sticks, throwing pop bottles at them and shooting them.

Most were laughing as they carried out their torturous and evil deeds.

There were even a few who brought their dogs and let them attack and tear up the easy prey.

My God!!!

National crime rate linked to non-enforcement of child support laws

The Sea Coast Echo
Bay St. Louis

The front page of the paper proclaims the criminal rate is up in America. The prisons are overflowing, and tax dollars are being channelled into supporting millions behind bars.

How does this happen? Is this America, land of the free, home of the brave? One has to be brave to go to the grocery store after dark in the city.

What's the cause? Possibly the high rate of divorce, coupled with the non-payment of child support.

How can a boy grow into manhood and be expected to perform as a normal, productive citizen when he was dumped and deserted by his own sire?

How can a girl trust her judgment in choosing a mate for life, when her own father didn't care enough to feed and clothe her when she was a child?

Marriage is entered into with both parties thinking: "I don't need to put any effort into this marriage. If things get rough, I can always bail out."

Enter the matriarchal society. Mother earns the living, keeps

As if these poor creatures hadn't suffered enough already!

The gruesome scene was sickening and unbelievable, unbelievable in the fact that there are such sick people as this living right in our own community.

Surely their minds must be diseased.

What makes a person so heartless and cruel? They are the ones who should be classified as animals!

We fought people like this all day long trying to protect as many animals as we could, but the task was hard because the area was so large. I thought I had it bad, but I got word that further down the beach from me people were out with baseball bats clubbing the animals!

Finally late in the day help came. The Humane Society people came to try and help. They were going to stand vigil all night fearing that those crazed individuals would return in the dark with lights and guns.

Later that night the Wildlife people came to try and trap and cage the animals for transporting to the Test Site and other woodland areas where they would be released to seek out new homes.

I'm sure some of them will be hunted by hunters and killed, but at least they would now have some kind of a chance.

This is a day I will never forget, for the horror of it will stay with me always.

DAV blasts Gramm-Rudman proposal

Congress will be placing the bulk of responsibility for balancing the budget squarely on the backs of this nation's poor and disabled, if the Gramm-Rudman balanced budget plan is enacted.

And in the process, big business tax loopholes, depreciation allowances and inflated Defense Department contracts—all of which are at the root of America's burgeoning federal deficits—will remain virtually untouched.

That assessment was made by officials of the one-million member Disabled American Veterans (DAV), a nonprofit organization composed of war-time disabled veterans.

"It is the most blatant example of big-business cronyism in modern times," said DAV National Commander Albert H. Linden Jr. "It's a plan to take from those who can least afford it, while protecting defense contractors who are the worst practitioners of government rip-off, and tax loopholes for big business, which this year will cost the nation some \$322 billion in lost revenues."

Linden emphasized that America's disabled veterans are duty-bound to share in any economic sacrifices that citizens must make in order to reduce the federal deficit. "But the Gramm-Rudman plan dumps on disabled veterans, empties Social Security recipients and strongly favors big business. By no

stretch of the imagination can that plan be called fair and equitable."

The Gramm-Rudman plan, which was stamped through the Senate without a single committee hearing, would cost families earning less than \$10,000 some \$390 extra each year through cuts in virtually all social programs, including Medicare, food stamps and child nutrition programs.

At the same time, families earning more than \$80,000 would have virtually all their tax advantages preserved.

In addition, Linden noted that the Gramm-Rudman plan "transfers the authority of the Congress to set budgets and make appropriations to the administration, in the event spending levels are exceeded. This represents an unprecedented transfer of Congressional duty. And it indicates Congress intends dealing with its responsibilities by shirking them."

House-Senate conferees are currently considering the provisions of the Gramm-Rudman balanced budget amendment. "The best thing that Congress can do now," Linden concluded, "is to throw out the plan entirely and for the Congress to embrace, once again, its responsibilities to all America's citizens...and not just those in big business."

Concerned Citizens seek letters to congressmen urging defeat of amendment

To The Editor:

Dear Editor,
We, the Concerned Citizens Organization of Hancock County, are asking that a letter writing campaign begin asking our senators and representatives to defeat the Gramm-Rudman Amendment, which would require reduction in spending in the years 1987 through 1991.

In order to balance the budget it is expected that if this portion of the act survives the Conference Committee and becomes law, that next year at this time the President would be required to initiate across-the-board percentage cuts in many federal programs.

We aren't so selfish that we can't see the need for a balanced budget, but not at the expense of the poor, needy and low-income citizens of our country.

We are thinking of those tens of thousands of persons that truly need the food to eat, a place to stay, their social security checks, WIC food, Medicaid, social services block grant, AFDC benefits.

And what about hundreds of our teachers? What will become of our children? Could they have remedial

reading and math?

These and other disasters could come to pass if this amendment becomes law.

Immediate action is needed to tell our Mississippi Congressional delegation to take action to stop this disaster from happening.

We should let them know that there is real danger to programs that are important to Mississippi, the budget should be balanced but not at the expense of programs for the poor people.

We understand that two members from Mississippi are on the Conference Committee that will make the decision about cutting programs. Representatives Jamie L. Whitten and Trent Lott.

We would like them to use their influence for the needy citizens of all races. Here are their addresses:

Representative Jamie L. Whitten, Post Office Building, Charleston, MS 39321, (601) 647-2413.

Representative Trent Lott, Ope Government Plaza, Gulfport, MS 39501, (601) 864-7670.

Thanking you in advance,

FEMA's disaster assistance efforts enhanced by local media

Dear Sir,

The success of the disaster recovery operation on the Mississippi Gulf Coast following Hurricane Elena is due in a large part to people like you and your news organization.

When a major disaster is declared by the President, our public information effort focuses on providing the facts people need to know in order to apply for disaster assistance. Understandably, it is during such trying times that the public can easily become confused and the overall recovery effort hampered.

You have been a tremendous help in keeping the public informed. I commend you on the professional manner in which you have reported the disaster recovery. I am sure the people on the Gulf Coast area appreciate the work you've done in helping them through a difficult

period.

Thank you for a job well done.

Juan cleanup will be limited to beach area

By BRENDA HEATHCOCK
No city-wide debris pickup is planned for Bay St. Louis in the wake of Hurricane Juan.

Debris pickup will be limited to the beach area where the majority of the debris has accumulated, Mayor Victor Frankiewicz Jr. said Friday.

"It will be the private individuals responsibility to get debris removed from their property," he said.

"Starting Sunday any new trash or debris put out to be picked up needs to be bundled according to the city ordinance dealing with debris and trash pickup," he said.

The ordinance requires debris be placed along side normal garbage in bundles weighing less than 75 pounds and being less than five feet in length.

Frankiewicz said this report pertains only to debris from Juan.

"Debris caused by Hurricane Elena will still be picked up," he said.

Frankiewicz said the majority of debris from Elena has already been picked up.

A survey is being conducted to determine exactly where debris from Elena still needs to be picked up and the city will pick it up only in those areas, he said.

"We have had a few problems with people putting out non-hurricane debris including debris from construction and cleaning yards," Frankiewicz said.

This kind of debris must be carted off by the individual property owner themselves, he said.

"We have been looking over these piles of debris but they need to be removed or we will be writing tickets," Frankiewicz added.

"This kind of abuse is not widespread, but in one instance, an entire yard was bulldozed and the debris was pushed out to the street," he said.

Hawks hand 11th ranked Bay Tigers first loss

BY DENA BISNETTE

Hancock North Central's Hawks dealt the Bay St. Louis Tigers their first loss of the season with a 20-6 win Friday to become the unofficial county champions for 1985.

The Hawks had earlier defeated St. Stanislaus, the third team in the unofficial series.

"We played hard and we deserved to win," Hancock Head Coach Irvin Favre said.

"I feel like our kids played a good game all night. Our whole offensive and defensive unit played exceptionally well."

"Bay High has a good ballclub but we stopped them."

"We hope we can keep it up for our district game against D'Iberville next week."

According to Bay High Head Coach Cleveland Williams, the Tigers broke down on defense in the first half, forcing the Hawks' Brett Favre out of the pocket, keeping him from connecting with his receivers.

"A lot of our kids did well, but some of them stood out more than anyone else," Williams said.

"Brian Laneaux had a good game offensively and ran the ball real well. The offensive line blocked well."

"Louis Burton did a fine job. He used to play with Hancock but he gave us everything he had on offense and defense Friday night."

"Our defense did come back the second half and we were able to keep Hancock deep in their backyard. We made changes the second half and it enabled us to play better ball," Williams said.

"Billy Ross did an outstanding job on defense at the weak side linebacker slot. He blocked an important Hancock punt. We're expecting him to play the same way next week against St. Stanislaus."

"Willie Lewis did a tremendous job coming back on defense after his ankle injury. Using him on top of Tommy Lull like we did kept them from getting any interceptions. He also did a good job running the ball on offense."

"Jessie Parker played outside linebacker and made a lot of key tackles on speed plays as well as the off-tackle gap."

"Breland and Necaise gave everything they had offensively and defensively."

"It takes both offense and defense to come out victorious but we just weren't able to get them both together," Williams added.

Williams said the Tigers plan to use the experience of their first loss to prepare for next week's game against St. Stanislaus.

"We lost to a good ballclub but I still feel we are better than the score

indicates," Williams added.

The Tigers lost the momentum that had kept them undefeated for seven games as the Hawks lashed out with their running game.

The Hawks scored on their first drive on a nine-yard run by Charles Burton. The PAT attempt failed and Hancock had a six-point lead with 6:47 to go in the first quarter.

Late in the second quarter, the Hawks took possession on their own four yardline when Bay High failed to make a first down and started a drive that resulted in a touchdown for split end Tommy Lull.

Quarterback Brett Favre dropped back to pass when the Hawks got inside their own 40 and hit Lull who took it for 50 plus yards and six more points.

The PAT again failed and the Hawks led 12-0 with 3:08 remaining in the half.

On their next possession, Hancock tried the same tactics, with Favre connecting with Lull for a 15 yard TD strike.

Favre picked up two more on the PAT with a keeper raising the score to 20-0 with 30 seconds remaining in the half.

Most of the third quarter was a defensive struggle, with the Hawk defense holding the Tiger's scoreless.

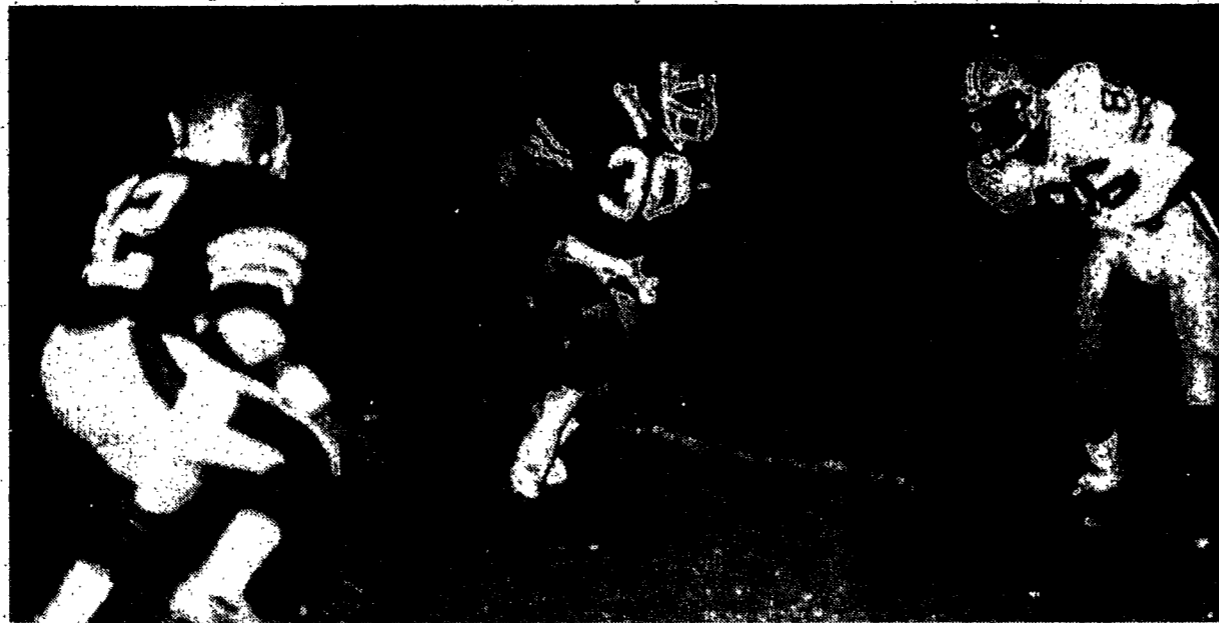

The Tigers rallied briefly when quarterback Quentin Bell dropped back from the three to pass to Robert Hargett for an apparent score, but the touchdown was negated by a penalty.

Bay High was unable to connect again when the play was repeated from the 13.

The lone Tiger score came on a 35-yard punt return by Matt Fair-connetue with 9:56 remaining.

Bay High attempted a two point conversion but Hancock forced an incompletion of Favre's pass at-

tempt. The score remained at 20-6 the rest of the way with neither team threatening.

TREE PLANTING

If you plan to plant trees this winter, especially under a cost-share program, I'd advise you to hurry up and start making arrangements. If you delay, you will probably have trouble finding someone to plant your trees.

In the past, the Forestry Commission acted as an agent for landowners by making the arrangements with private contractors for their tree planting.

A policy change now prohibits this.

We will, however, continue to make management plans, delineate, (on the ground) areas needing work; assist you in ordering your seedlings, and provide most other services as in the past.

"We'll also provide you a list of tree planting and site preparation contractors known to be operating in this county. It will be your responsibility to reach a contractor, negotiate a contract, and make the

necessary arrangements to get your work done.

I understand there will be an earlier than usual sign-up period for the Federal Incentives Program (F.I.P.) this year. You need to check with the local ASCS office on this if you plan to try and get some cost-sharing help with your reforestation efforts this winter.

Defensive first half

Rocks hold off Pass rally 17-14

It was a sweet homecoming victory for the St. Stanislaus Rockchaws Friday evening.

After a scoreless first half, the Rocks exploded for 17 unanswered points in the third quarter, then held on to secure a 17-14 win over the Pass Christian Pirates.

Scoring for the Rocks were YaSin Shabazz on a seven yard scamper, quarterback Jimmy Dempsey on a one-yard plunge, and a 27-yard field goal by Eric Doyle.

The Pirates attack was led by Winston Ausmer, who accounted for both Pass Christian tallies in gaining 92 yards on the ground.

Head Rockchaw coach Vernon Powell commented, "Yes, we were flat the first half, but we got together at halftime and made the necessary adjustments to counter Pass High's defense."

"One of the key plays was a big reception by David Zanca on an out-pattern. We were playing power football in the third quarter. After YaSin scored, Pass High fumbled and we took it in for the score. This seemed to be the turning point in the game."

Neither ball club did much offensively during the first half. Dempsey completed two passes, one to YaSin Shabazz for an 11-yard gain, and a 14-yard completion to tight end David Williams.

The Pirates threatened in the second quarter when quarterback J.W. Dedeaux threw to split end Manuel Dedeaux for a 20-yard gain to the Rock 35-yard line.

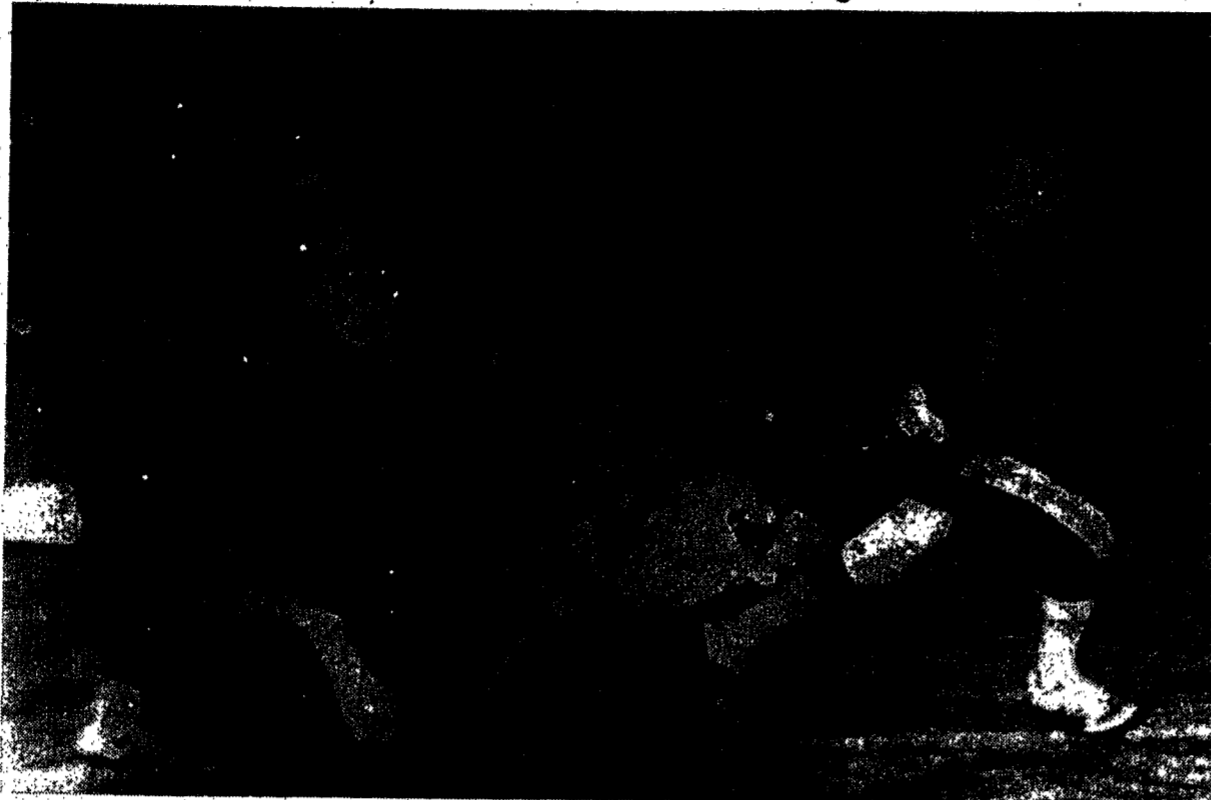

Winston Ausmer then gained twelve more yards down to the 23-yard line. Two plays later Dedeaux fought all the way down to the SSC 9-yard line.

Tailback Vincent Henderson gained two yards, but on the next play Dedeaux's pass was intercepted by SSC linebacker Matt Caldwell at the goal line.

Caldwell returned the ball to the Rock 15-yard line to end the Pirates scoring threat as the first half came to an end.

Whatever Coach Vernon Powell told his troops in the locker room at halftime seemed to inspire his players as the Rocks took the third quarter kickoff and proceeded to put 17 points on the board.

After YaSin Shabazz returned the kickoff to the 20 yard line, Dempsey picked up 12 more to the SSC 32-yard

line. A 15-yard penalty against the Pirates advanced the ball to the 47-yard line.

A beautiful reception and run by split end Lon Baxter brought the ball down to the seven yard line.

Two consecutive carries by YaSin Shabazz resulted in the Rocks first score. Eric Doyle added the extra point and the Rocks led 7-0 with 9:14 left in the third quarter.

Doyle's kickoff was taken by Dedeaux and returned to his 35 yard line. A first down fumble by Dedeaux was recovered by SSC linebacker Phil Wittmann on the Pass Christian 29-yard line.

Quarterback Jimmy Dempsey gained 23 yards down to the one-yard line. On the next play, Dempsey scored on a quarterback sneak.

With Doyle's second extra point, the Rocks increased their lead to 14-0 with 7:56 left in the third quarter.

Doyle's kickoff went into the end zone and the Pass put the ball in play at their 20-yard line.

Jason Dedeaux gained eight, but the Pass fumbled on the next play and linebacker George Stills recovered on the Pass Christian 31-yard line.

The Rocks began to move the foot-

ball as Dempsey picked up five yards around the left side. Shabazz lost five yards on the next play, and the Rocks were guilty of clipping which brought the ball back to the 45-yard line.

Dempsey then threw a nice 35-yard pass completion to David Zanca who was tackled at the Pass High 10-yard line.

Fullback Matt Caldwell picked up six yards to the Pass four yard line, but another clipping penalty brought the ball back to the 22-yard line.

Facing a third and goal, Jimmy Dempsey scrambled down to the Pass Christian ten yard line, where Eric Doyle kicked a 27-yard field goal.

With 2:38 left in the third quarter, the Rocks led 17-0.

But the Pirates came fighting back. After returning Doyle's kickoff to the 25-yard line, Ausmer picked up nine yards to the 34-yard line, then picked up ten more to the

Pass 44-yard line.

J.W. Dedeaux raced 55 yards through the SSC defense to put the Pirates on the SSC one yard line as the third quarter ended.

Ausmer finished the drive with a one-yard plunge and a 2-point conversion by Ausmer closed the Rock lead to 17-8.

Lon Baxter returned the kickoff to the SSC 35 yard line. After Jeff Reisch gained five, Gary Smith intercepted a Dempsey pass and returned it to the Rockchaw 30-yard line.

Winston Ausmer then carried six consecutive times and aided by an SSC penalty, the Pass had a first down at the SSC 22-yard line.

Ausmer then hit Manuel Dedeaux for a first down at the SSC five-yard line, and with 4:28 left in the game, Ausmer scored to close the gap to 17-14.

A 2-point conversion run by Ausmer was stopped short of the

THE SEA COAST ECHO—SUNDAY, NOVEMBER 3, 1985-7A

goal by the Rockchaw defense.

SSC received its biggest break of the evening when Lon Baxter fumbled the kickoff at his 35-yard line and tight end Jack Simpson fell on the ball. But SSC could not muster a first down, and the Rocks punted to the Pirates with 1:03 left in the game.

Ausmer gained six yards to his 31-yard line, and then hit Manuel Dedeaux for an 18-yard gain which brought the ball to the 49-yard line.

Ausmer pass to Gary Smith brought the ball to the Rockchaw 22-yard line with 13 seconds left in the game.

On the final play of the game, J.W. Dedeaux's pass to Smith in the end zone fell incomplete and the Rocks hung on to win 17-14.

St. Stanislaus, 5-3, plays cross-town rival Bay High next week, while Pass Christian, 2-6, entertains Long Beach next Friday. Both game times are set for 7:30 p.m.

Nicolaou.....

(Continued from Page 1)

"I had no intention of hurting him for stealing from me because these were replaceable items," he said.

Nicolaou said he had never slapped Poole while he was tied down because Poole "had no defense."

Nicolaou also admitted to pleading guilty to the January 1984 murders of Gerald Cominsky of Waveland and Keith McMillan, two counts of kidnapping and one count of armed robbery.

CLOSING ARGUMENTS

Prosecuting attorney Compretta addressed the jury first in the closing statements.

"We have presented a simple and uncomplicated case about the most serious crime in the state of Mississippi," he said.

The facts are that the cell door was locked, two men were in the cell, one is dead and the other is alive, Compretta said.

"What is Hancock County going to do to people who can not live in the society?" he asked.

Compretta said the defense had tried to put up a smokescreen to sidetrack the jury.

"Every fact, every circumstance and every bit of evidence leads only to a verdict of guilty of capital murder," he said.

Defense attorney Tucker reminded the jury the defendant was not on trial for his previous crimes.

Tucker told the jury that several prisoners had had trouble with Poole.

Nicolaou did not deny tying Poole, he said.

"How would you deal with someone like Poole if you were locked in a cell with him about the size of a queen-sized bed?" he questioned.

Frisbee said what had happened was a result of people turning their back and letting the chips fall where they may.

"As a result of this, something has happened that we all should be ashamed of because we don't know exactly what did occur," he said.

"It is just as much my responsibility as it your responsibility for what happened," he said, "and I sincerely ask that you consider a verdict of manslaughter."

Burdick told the jury he had learned early in studying criminal law that if there were problems with a case, make everybody else guilty.

He also told the jury not to speculate about things the defense attorneys had said because "the only evidence is what has already been presented."

The jury took approximately four hours to return the verdict 'guilty of capital murder.'

The sentencing phase of the trial began shortly after 3 p.m. with Robert Stahl, Nicolaou's natural father taking the stand.

Stahl testified that he had never had a good father/son relationship with Nicolaou and that the defendant had no history of violence.

Nicolaou's mother Alice Croop testified that Nicolaou had run away from home several times.

She said that other than being a runaway, Nicolaou had no criminal history and did not often get into trouble.

She also said he had received psychiatric counseling in Canton, Ohio but had never been institutionalized.

Testimony of both parents showed that Nicolaou had moved back and forth between living with his mother and father.

Nicolaou also took the stand to testify during this phase of the trial.

He testified to having his first homosexual relationship at the age of nine or 10 with an older boy.

Nicolaou outlined other homosexual relationships with older men in Pass Christian and Bay St. Louis, an incestual relationship with his older brother and "hustling in the park to make money."

When asked if he described himself as a male prostitute and had continued this practice in Bay St. Louis, Nicolaou said, "Unfortunately, yes."

Nicolaou also said he was very sorry for Poole's death because he didn't know where his soul was.

The sentencing phase ended shortly before 5 p.m. with the jury being instructed not to be affected by bias, sympathy, prejudice or passion.

**KATY
MC GUIRE
CAIRE**

When Kay Murphy returns home to County Cork in Ireland early next week, she'll take along with her memories of a number of "firsts" - chief among them her first taste of our super-delicacy, crisp fried catfish - which she savored - and her first taste of a coastal hurricane - Juan - which she found "a bit much" though, of course, she's used to wet and windy weather at home!

She'd been sending home such glowing reports of sunshine and sandy beaches and clear blue skies and such - and told our group that we really didn't have to put on such a spectacular for her with Juan - a bit of misty rain would have sufficed quite well!

Well, we didn't care much for Juan either, did we? After we'd all waited out the hurricane and were more at ease once more, we gathered - again - for lunch and introduced Kay to Mississippi catfish.

Though she's often visited her cousin, Connie Burill, and other relatives in the United States and Canada, this is the first time she's visited Connie since the latter has come to the Pass to live - we had lots to "show and tell" even though we hadn't planned on Juan as part of the scene.

Kay liked the catfish so well that she went next day for a fried catfish dinner! As a longtime devotee of the catfish, that pleased me!

Now, I'll have to show her a few of my variations on the theme - for, as we know, catfish is sweet and tasty, and can be used in many a dish, for instance, in which trout is used -

such as "meuniere" in butter and parsley sauce - or with tomatoes and peppers and so on and on.

With the proliferation of farm raised catfish and its exportation to other markets, the fresh water "Cat" is becoming, or I should say, has already become a leading industry in our state, and the praises of the catfish are being sung at many a faraway dinner table; so we assured Kay that she'd probably find this "goodie" again.

Since most of us are familiar with frying fish, let's today turn to another way to serve catfish - or trout. Here's

CATFISH MEUNIERE

This is a classic, but ever so simple, French or Creole manner of cooking fish: meuniere - coating with flour - and sauteeing in butter and oil.

6 fillets of catfish
Flour
6 Tbsp. butter
3 Tbsp. oil
Additional butter
Chopped parsley

Roll the fillets in flour seasoned with black pepper (and salt also, if you wish). Heat the butter and oil in a heavy skillet and saute the fish quickly, turning once, until lightly browned on both sides.

Transfer fish to a warmed platter. Add three tablespoons or so additional butter to the skillet, add the parsley, then, when the butter has melted, into the pan juices, stir together and pour over the fillets. Garnish with lemon wedges and serve with sauteed or "brabant"

potatoes - cut in heavy chunks and browned in butter. (Six servings.) And, quickly, an easy and tasty:

CATFISH WITH BACON AND GREEN ONIONS

6 fillets of catfish
3 or 4 slices bacon, fine-chopped, sauteed and drained
3 green onions, chopped fine
1 tomato, peeled, seeded, chopped fine

Pepper, salt as wished
Place the fillets in buttered baking dish or on greased rack or on buttered foil, season generously with pepper, and salt, if you wish. Combine the bacon, onions and tomato and spoon over the fillets. Broil four or five inches from heat for three minutes or so, depending upon the thickness of the fish. (Six servings.) If you're like I, you'll probably add a dash of Tabasco. Enjoy!

Corr-Moran

Our Lady of the Gulf Catholic Church was the setting for the October 11 marriage of Donna Lynne Moran and Mark Stephen Corr. The Rev. Charles Venus officiated at the candlelight evening ceremony and celebrated a Nuptial Mass.

The bride is the daughter of Mr. and Mrs. Donald E. Moran of Bay St. Louis. The groom's parents are Mr. and Mrs. William Corr Sr. of Waveland.

Two tall brass vases on the altar held arrangements of pompon mums, carnations, white fugi mums, baby's breath and fern. Standing brass baskets of matching flowers and large Boston ferns flanked the altar on either side. Placed in front of the altar were two brass candelabras holding nine tapers and decorated with matching flowers. Brass candleholders accented with baby's breath, fern and white satin bows lined the main aisle.

Nuptial music was provided by organist Mrs. John McKenna and soloist Leslie Gleber, both of Bay St. Louis.

Given in marriage by her father, the bride wore a formal gown of white silk sheer ganza over bridal taffeta, fashioned with a high neckline, sheer yoke and fitted waistline, overlaid with re-embroidered chantilly lace, shifflil lace and seed pearls. The full-length sleeves featured puffs of lace at the top, and the bouffant skirt was edged in bands of matching lace with a deep flounce hemline forming a chapel-length train.

A Juliet caplet of lace and seed pearls held a fingertip veil of bridal illusion edged in matching lace.

She carried a cascade of white rosebuds, stephanotis and gardenias, with baby's breath and ivy.

Melissa Moran of Bay St. Louis attended her sister as maid of honor.

Bridesmaids were Denise LaFontaine and Michele Henry, aunts of the bride, Mary Raymond and Theresa Ladner, all of Bay St. Louis; Lorraine Smith of Poplar-

ville; aunt of the bride; Connie Garber of Waveland and Lynn Niolet of Delisle, cousins of the bride.

The attendants were attired in teal taffeta gowns, each with fitted bodice of embroidered taffeta with scalloped neckline and off-the-shoulder puffed sleeves. The gathered skirt was sashed at the waistline. Each wore white rose earrings, a gift from the bride, and a black velvet cameo choker. They wore hair ornaments of white roses, seed pearls, baby's breath and teal ribbon.

Each carried a silver candleholder with tapered globe encircled by white silk rosebuds, miniature carnations, stephanotis and baby's breath with teal ribbons and net puffs. The maid of honor wore a wreath of matching flowers.

Priscilla Moran of Delisle, cousin of the bride, was flower girl. Keith Corr of Waveland, nephew of the groom, was ring bearer.

Bill Corr of Waveland, brother of the groom, was best man.

Groomsmen were Kevin Corr and Brian Corr of Waveland, brothers of the groom; Henry LaFontaine of Bay St. Louis, uncle of the bride; Kenny Moran of Bay St. Louis, brother of the bride; Timmy LaFontaine of Delisle, cousin of the bride; and Bonnie Ladner of Ansley.

Ushers were David Smith of Poplarville; Jimmy LaFontaine of Waveland; Jimmy Ladner of Ansley and Eddie Cook of Waveland, cousin of the groom.

Mrs. Moran chose for her daughter's wedding a formal gown of rose georgette with an embroidered lace bodice. The long-sleeved chiffon jacket featured elasticized wrists and peplum waistline with satin sash.

The groom's mother was attired in a formal gown of burgundy lustreglow and chiffon with draped bodice and long chiffon sleeves.

A reception followed the ceremony at the Bay St. Louis American Legion Hall.

The couple will reside in Waveland.

The bride-elect is a graduate of Bay Senior High School. She is employed with T.G.&Y. in Waveland.

She is the granddaughter of Mr. and Mrs. Hubert C. Seals Sr. of Picayune and Mr. and Mrs. Everett Letort of Biloxi.

The prospective groom is a graduate of Bay Senior High School. He is employed with Seals Drywall Co. in Picayune.

TENSE NECK MUSCLES

Tense neck muscles brought this patient to our clinic with a curious array of painful symptoms. The neck muscles were stiff and pulled his eyes upward causing the top of his head to hurt, and he had an elevated blood pressure. Conditions of this nature are caused for the most part by displaced spinal bones which irritate delicate nerve fibers. The response is excellent under chiropractic care. A spinal analysis and x-rays gave evidence of spinal bone displacement and scientific application of chiropractic adjustments brought quick relief, and in time, correction to this person! He now is always sending his friends who get in the same fix to us so that we may fix them up.

'Speaking Oracles of God'

WHAT SHALL I DO WITH JESUS (NO. 1)
 "Pilate saith unto them, what shall I do then with Jesus which is called Christ? They all say unto him, let Him be crucified." (Matt. 27:22)
 Jesus had been brought before the judgement bar of Pilate. After learning He was innocent Pilate desired to release Him, but he feared a mob of angry Jews who demanded the death sentence. The judge was greatly troubled, and in his perplexity he asked, "What shall I do with Jesus?"

Jesus has been brought before the judgement bar of numerous people. After learning of the beauty of His life, they have desired to do him honor, but some have been greatly disturbed by personal problems. In their perplexity they have been asking the question of Pilate, "What shall I do with Jesus?" To this momentous question various answers have been given.

"I'll sell Him" was the reply of greed. "Then one of the twelve, called Judas Iscariot, went unto the chief priests and said unto them, What will ye give me, and I will deliver Him unto you? And they covenanted with him for thirty pieces of silver. And from that time he sought opportunity to betray Him." (Matt. 26:14-16)

Jesus had prayed in the garden of Gethsemane and talking to eleven of the apostles, "And while He yet spake, lo, Judas, one of the twelve came, and with a great multitude

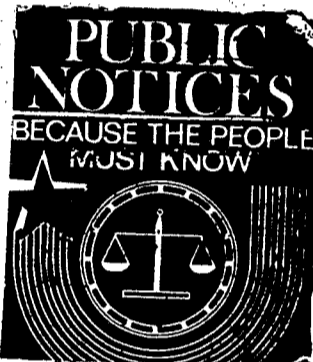

with swords and staves, from the chief priests and elders of the people. Now he that betrayed Him gave them a sign saying, Whosoever I shall kiss, that same is He: hold Him fast. And forthwith he came to Jesus, and said, Hail, Master; and kissed Him." (Matt. 26:47-49)

Judas betrayed the Master for the legal price of a slave. When he sold Jesus to the Jews, he sold himself to Satan. Jesus is the truth. "Jesus saith unto him, I am the way, the truth, and the life...." (John 14:6)

When we sell the truth, we sell Jesus. "I'll deny Him," was the answer of fear.
 Peter was warming himself by the fire. One of the high priest's maids said to him, "And thou also wast with Jesus of Nazareth. But he denied and heard the cock crow...And a maid saw him again, and began to say to them that stood by, this is one of them. And he denied again. And a little after, they that stood by said again to Peter, surely thou art one of them; for thou art a Galilean, and thy speech agreeth thereto. But he began to curse and swear saying, I know not the man of whom you speak. And the second time the cock crew. And Peter called to mind the word that Jesus said unto him. Before the cock crows twice, thou shalt deny me thrice. And when he thought thereon, he wept." (Mark 14:66-72)

Peter was a victim of evil environment. He was too weak for hostile company. When we deny Jesus' doctrine or His church, we deny Jesus. Peter warned, "But there were false prophets also among the people, even as there shall be false teachers among you, who privily shall bring in damnable heresies, even denying the Lord that brought them, and bringing themselves swift destruction." (II Pet. 2:1)

The one who denies Jesus and refuses to repent will be denied by Jesus. (II Tim. 2:12)

Coast mayors support hurricane relief

Mayors of several Gulf Coast cities met Thursday, Oct. 31, to issue proclamations designating Nov. 9-10 as "Interfaith Weekend", reported Rev. Don Glover, chairman of the Mississippi Coast Interfaith Disaster Task Force, Inc.

All churches, congregations and church-related organizations are being asked to take up a special collection during Interfaith Weekend to assist victims of Hurricanes Elena and Juan with disaster-related needs.

Referrals for assistance to the Interfaith Disaster Task Force come from the Federal Emergency Management Agency (FEMA), the American Red Cross and other established agencies. Collections should be forwarded to the Interfaith Disaster Task Force Office at 424 Chartres Street, Biloxi, MS 39530.

The Interfaith Disaster Task Force represents most of the major religious organizations along the Mississippi Gulf Coast.

All congregations are invited to participate in the work of the task force.

The Interfaith Disaster Task Force, formed after Hurricane Frederick, has been reactivated to coordinate donations and volunteers to assist disaster victims with disaster-related needs.

Past experience has shown the greatest needs are for funds to purchase materials and volunteers to work in repairing homes, debris removal and special unique needs not covered by other agency guidelines. The primary recipients of such aid are the elderly and the handicapped.

Coast mayors issuing proclamations included Victor Frankiewicz Jr., Mayor of Bay St. Louis; John Longo, Mayor of Waveland; J. W. "Jake" Irwin, Mayor of Pass Christian; Gerald Blessey, Mayor of Biloxi; LeRoy Urie, Mayor of Gulfport; Lewis Jackson, Mayor of Moss Point; Dale Richardson, Mayor of Pascagoula; Chester McPhearson, Mayor of Ocean Springs; Glenn Mitchell, Mayor of Long Beach; and Gregg Mitchell, Mayor of Picayune.

ETV Brief

HARVEY MILK

"The Times of Harvey Milk," the 1984 Academy Award-winning 90-minute documentary about San Francisco's first openly gay elected official, will be broadcast on "Non-fiction Television" at 9 p.m., Wednesday, Nov. 13, on Mississippi ETV.

The film focuses on the conflict between Milk and his colleague Dan White, who was a fellow member of the city's board of supervisors and a former policeman and fireman.

The documentary includes interviews with Milk's co-workers,

friends and political associates and dramatic archival footage of Diane Feinstein, who was then president of the board of supervisors, when she announced that both Mayor George Moscone and supervisor Harvey Milk had been shot and killed and that the suspect was Dan White.

The tragic drama involving Milk, Moscone and White developed after the defeat of a proposed controversial bill that would have banned gays and gay rights advocates from teaching in California's schools.

Four days after the bill was defeated, Dan White resigned from his post. Five days following his resignation, White announced he had changed his mind.

On the day Moscone was to officially deny White's request for reinstatement, White climbed through a City Hall basement window to avoid metal detectors, went to Moscone's office and shot him three times. He then went to Milk's office and shot Milk eight times.

White reportedly committed suicide in October upon returning home to San Francisco from Los Angeles, where he had lived after being released from prison.

Libraries displaying Mississippi art works

Paintings by members of the Mississippi Art Colony will travel to five public library systems including the Hancock County Library System.

The Waveland Public Library on Coleman Avenue is hosting the exhibit throughout November.

During December the exhibit will be on display at the Bay St. Louis-Hancock County Library US-90.

The Mississippi Art Colony is a group of practicing artists who meet biannually for painting workshops and adjudication. Paintings included in the 18th tour were selected during an Oct. 2-6 workshop at Camp Henry S. Jacob in Utica.

Instructor was Frank Engle, recently retired professor of art at the University of Alabama.

The exhibits, coordinated by the Mississippi Library Commission, include several award winners.

The public is invited to view the exhibits while they are on display at units of the Hancock County Library System during November and December.

The Mississippi Art Colony is made possible through the conference programs of the Mississippi Arts Commission, a state agency, and the National Endowment for the Humanities.

24-HOUR EMERGENCY CARE

When accidents happen or illness strikes, the need for prompt, expert medical care can be critical.

Now you can have peace of mind, knowing that 24-hour emergency care is only minutes away.

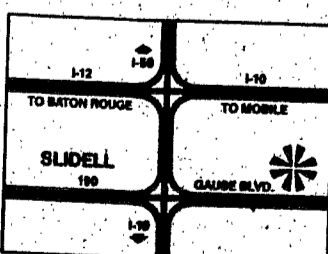

NorthShore Regional Medical Center offers complete round-the-clock emergency medical services:

- The only ambulance service on the North Shore with 24-hour coverage by national registered paramedics from the emergency site to the hospital. Registered paramedics are specialists in recognizing and responding to life-threatening crises.
- A highly skilled, caring emergency and trauma staff, backed by our medical staff of leading area physicians.
- State-of-the-art equipment in ambulances and the Emergency Room.

Another advantage: tiered-pricing

Tiered-pricing means that you pay only for the degree of care you require. Unlike most hospitals, NorthShore does not charge a flat fee for Emergency Room admissions. In other words, a sore throat doesn't cost you as much as a serious fracture.

For yourself and your loved ones, remember NorthShore's 24-hour Emergency Care Ambulance Service: 640-5050. Outside Louisiana, call toll-free: 1-800-344-6695.

1 mile south of the I-10, I-59 and I-59 intersection. Adjacent to the Cause Blvd. (190) exit, east of I-10.
